On conferring with several prominent citizens of this State, Friday, the 10th inst., day appointed by the President for the national ceremonies in raising the United States flag at Fort Sumter, was deemed a most appropriate occasion for thanksgiving, prayer and praise to Almighty God for our national successes and the bright prospects of returning peace and fraternal harmony.

Death of Zenas Barnum, Esq.—

A wide circle of friends and acquaintances will regret to read the announcement of the death on Wednesday morning at Baltimore, of Zenas Barnum, esq., long connected with the firm of Messrs. B. & C. of this city. Mr. B. was a native of Pennsylvania, and we believe by profession a civil engineer. He possessed fine business capacities, and after realizing a handsome fortune in the management of his stock, he relinquished it to devote his time to his family and to the cultivation of the Baltimore Central Railroad, a task that he soon and effectually accomplished. He was also among the earliest in connection with the Iron and Coal Railroad. Mr. B. was a generous and generous man, and his death is a great loss to his family and to the community.
